For centuries the word shark has been synonymous with fear because of the potential threat some species pose to human beings.

### Sharks And Rays In The Home Aquarium - Pet Central by Chewy

This July, we are very excited to announce we're launching a brand new exhibit called the 'Awesome' World of Sharks and Rays'. This new exhibit is a redevelopment on an area in the Aquarium and will wrap around our massive Atlantic Ocean Tank (the deepest in the whole of the UK), and will be a huge exploration of the amazing animals sharks and rays.

### Jawsome World of Sharks and Rays - National Marine Aquarium

Alongside the likes of Sand Tiger Sharks, Lemon Sharks, Eagle Rays and many more will be Bonnethead Shark, Coral Catsharks, Whitespotted Bamboo Shark, Northern Wobbegong, Epaulette Sharks, Speckled Carpetshark and Flapnose Rays. Already the UK's largest Aquarium, the new additions will mean the National Marine Aquarium also boasts the most shark and ray species at an Aquarium in the UK, with 30 different species and more than 100 individual sharks and rays on display.

### Jawsome World of Sharks and Rays! - National Marine Aquarium

Here at Mystic Aquarium, where sharks and rays are both part of our interactive experiences, fun and learning is right at your fingertips. For sharks, maybe more than any other species, learning is critical. While they are among the most diverse, with 465 known species, myths about sharks also make them one of the most misunderstood in all the animal kingdom.

### Sharks and Rays at Mystic Aquarium

It's time for another Facebook Live video. This time, Nick and Taylor visited the Trust Family Foundation Shark and Ray Touch Tank to discuss sharks and rays. Learn more about the residents of the touch tank, including the epaulette shark, which is named for the black eye spot on its shoulder, that hides in between the tree roots in the tank.

The Shark and Ray Interaction is an immersive experience in Georgia Aquarium's newest gallery. In addition to meeting age, height and weight requirements, guests must also possess a minimum level of physical dexterity. Participants do not swim freely with the sharks, but will enter the water with the animals.

### Shark and Ray Immersion | Georgia Aquarium

Shark and Ray Day. Join the Oregon Coast Aquarium in celebrating Shark and Ray Day on Tuesday July 14th. Sharks and Rays belong to a group of fish called Elasmobranchs. Elasmobranchs differ from other fish in that they have skeletons made of cartilage rather than bone. Over the course of 400 million years, a staggering array of over 1,200 species have evolved diverse physical and behavioral adaptations that have afforded them a critical role in marine food webs and ocean health.
