Evo Engine Blueprint - nebaum.bio.uminho.pt

The Evo-System engine powers 3 outputs: The Evolution generator, the Evolution pressure washer and the Evolution water pump. Robust and reliable professional quality 6.5hp petrol engine, with recoil start. Offering superb value the EVO200 engine provides ample power to the entire selection of outputs in the Evo-System range.

Evolution Evo-System Engine

"To blueprint an engine means to prepare, specify and document all of the engine's tolerances, clearances, and materials based on a set standard. And the problem lies in the fact that currently the only standard you will find available to the public is the OE engine specifications out of the factory service manual."
