Materials Control 31.03.2015

3 of 32 Introduction This document will describe the changes implemented in the version 8.8.30.4.1550 of Oracle's Materials Control. All new installations of Materials Control must be done using this or any later version. New installations using older versions are no longer supported.

MICROS Materials Control -
Oracle

The minimum version for this is Materials Control 8.6.5.10.31.1240 for the thick client application and MCweb 5.10.61.1240 for the

Online Library Materials Control Oracle

web application. This functionality can be used instead of the existing standard Authorization function, but a combination of both is not possible.

Oracle Materials Control
Since version 8.7.30.xx the application allows to use the Windows Domain User to login into Materials

Online Library Materials Control Oracle

Control. Using this feature Domain Users known to Materials Control do not need to enter the user name and the password anymore.

MICROS Materials Control - Oracle

The ODBC connection between the Materials Control system/server and the RES/EM server needs to be established. This connection must be created on the PC which will import the sales items and, depending on the used variant, also the revenue transfer. The MICROSOFT Windows Control Panel allows such connections using the ODBC Data Source Administrator:

Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services, except as set forth in an applicable agreement between you and Oracle.

Materials Control - Oracle
It is possible to book sales manually directly in Materials Control. It is a basic functionality. This function was developed to manually book the consumption of events or

Online Library Materials Control Oracle

consumption of the minibar
or to post manual sales
where there is no cash
register. You can even
create templates to simplify
booking.

PM (in response to
Stamatina Alexandri)
Usually you should ask
licensing questions directly
to Oracle, nobody in a
public forum can guarantee
what is Oracle position
regarding licensing.
