William Hammond's book Reporting Vietnam is a "description of official efforts to manage the U.S. government's relations with the news media during the war." It is also "a synthesis and refinement" of two volumes on the subject previously published by the author, and totaling more than one thousand pages.

Reporting Vietnam: Media and Military at War (Modern War ...

Reporting Vietnam is an abridgment and updating of Hammond's massive two-volume work issued by the Government Printing Office. Based on classified and recently declassified government documents—including Nixon's national security files—as well as on extensive interviews and surveys of press war coverage, it tells how government and media first shared a common vision of American involvement in Vietnam.

Amazon.com: Customer reviews: Reporting Vietnam: Media and ...

The role of the media in the perception of the Vietnam War has been widely noted. Intense levels of graphic news coverage correlated with dramatic shifts of public opinion regarding the conflict, and there is controversy over what effect journalism had on support or opposition to the war, as well as the decisions that policymakers made in response. Heavily influenced by government information management in the early years of the conflict, the U.S. media eventually began to change its main source
